

**Diana MacDonald,
Management Consultant**

One hour education sessions:

- Values
- Leadership and Management
- Quality
- Sessions by design for your organisation

Testimonials:

Values: *Participants response to what they found helpful about understanding values:*

"Awareness of values and sharing this new idea and way of thinking and working with the team is really helpful."

"The positive attitude of the person taking the values workshop and the support and encouragement from people I work with."

"What I have learnt today will help my wife and myself to understand each other better. I challenge myself to "Walk the Talk". Thanks Diana: "

Participants of the One hour education sessions

Leadership & Management: "Diana is one of those very rare managers (in fact unique in my experience to date) who applies very effectively" in her daily practice all those leadership, communication and empathetic skills and knowledge that are rarely evident outside of the text books and training workshops."

Clinical Director District Health Board (DHB) Services

Quality: "I would like to personally thank you for all that you have achieved on our behalf. You have led us forward in developing a quality system that our team will be very proud of! We will all feel more secure in the future in the knowledge that all team members around us are quality focused. I have sincerely enjoyed working with you and look forward to working with you in the future"

Commercial Pharmacy Owner

By Design Sessions: Please contact Diana consultant@dynamicleadership.co.nz if you would like to arrange one hour education sessions specific for your organisation. These can be run at your convenience and designed specifically for your organisational needs. A multitude of subjects related to quality, management and leadership can be covered:

Price by negotiation

Education Session Aims

- To introduce the key concepts related to the subject (quality or leadership & management or values)
- To provide an opportunity to stimulate interest, provide resources and encourage further learning
- To have a fun one hour session and learn at the same time
