

Diana MacDonald,
Management Consultant

VALUES-BASED PRACTICE IN MENTAL HEALTH

(All providers)

FOUR DAY COURSE

What participants say about the course:

- I am looking forward to implementing values in my practice in all that I do
- Very helpful with the recovery model
- I feel I have a better understanding after this training
- The whole lesson is a big help for me and my workplace and position

What they say about the facilitator:

- Very professional
- Best I've had
- Excellent presentation by facilitators. The ability to listen and share knowledge was gratefully accepted
- I challenge myself to "Walk the Talk". Thanks Diana

This exciting workshop is research based from the **Sainsbury Centre** for Mental Health and is facilitated by Diana MacDonald, Management Consultant **Dynamic Leadership Limited** in partnership with **Susie Crooks**; Susie has had life experience of recovery and brings the theory alive through this experience. An excerpt of the workbook is available from our website: www.dynamicleadership.co.nz

Workshop Aims

Values Based Practice is a decision making tool for mental health

- To introduce Values-Based Practice
- To understand and put into practice the 10 key ideas that together make up the toolkit of 'good' process in Values-Based Practice
- To understand your own values and reasoning; to understand how we might learn about others
- To raise awareness of key aspects of communication and bring them together in the context of Values-Based Practice
- Have a regular opportunity to discuss, practice and consolidate learning
- The ability to apply the frameworks in your own practice

Includes a comprehensive workbook
